Robotic lawnmower R40Li

Commercial Reference: 4071-20
Article number: 966 80 91-01
EAN: 4078500407106

NEW!

The innovative GARDENA robotic mower R40Li does your mowing for you: it mows the lawn on its own, while you enjoy your free time or do other things. Thanks to its free and natural movement, the R40Li mows a lawn area up to a maximum of 400 m² – effectively, reliably and without wheel ruts. Always resulting an excellently cared-for lawn. When required, the robotic mower recharges itself at the charging station. Its easy-to-place boundary wire shows the R40Li where to mow. It repeatedly cuts grass tips with razor-sharp blades; grass clippings remain on the lawn as a natural fertiliser (mulch principle). The cutting height of 2 to 5 cm can be easily set with a rotary knob. With a weight of eight kilograms, the robust robotic mower tackles inclines up to 25 %.
Programming is incredibly simple and quick. Different mowing times or days can be set on the large selection panel and display. Following the menu is easy and intuitive. After programming, the R40Li starts on its own at the set times, even when it rains. The powerful and easy-care lithium-ion 18 V /1.6 Ah battery ensures reliable and energy-saving

EFFORTLESSLY MOW – AND ENJOY YOUR FREE TIME

EXCELLENT CUTTING RESULT – NO NEED

LOW-NOISE, EMISSION-FREE

WORKS ALSO DURING RAIN

ANTI-THEFT PROTECTION

	R40Li
Working area capacity	400 m² +/-20% / 0.1 acre +/-20%
Charging system	Automatic
Battery type	Li-ion
Power consumption	20 W
Cutting system	3 pivoting razor blades
Sound level	measured: 56 dB(A), guaranteed: 58 dB (A)
Alarm	Medium
PIN code	Yes
Tilt sensor	Yes
Weight	7.4 kg / 16.31 lbs
